Book week dress up day

Kindy Day

Library Excursion Kindy and R/1/ Class

Friday 24th August

Gymnastics starts

Upper Primary Term 3

Our primary students have been working on pieces of art to enter into the Crystal Brook Art Show. Again our students have shown that they have a great passion for creativity and it definitely shows when you see some of the work they have produced.

Madeline working on a cushion for the art show.

We have giants at Napperby! Thanks Ernie for our photography lesson, another great piece for the art show.

Tash's collage looks like a winner.

Pastel drawings are one of Michaela's specialties.

Brodie is one of our students preparing a mosaic of pasta for the art show.

DESIGN AND TECHNOLOGY

Ella and Michaela working are creating their own designs for lamp shades.

Zach and Kimberley also working on creating their own design for a lamp shade. All using different creative techniques.

Upper Primary have also been working on Japanese Haiku poems. Take a read of some of our students work below.

This laptop I dislike.

It won't load my game called "Spike".

This game I do like.

Daniel

I compete with friends,

We play with technology.
The challenge is real.

Kimberley

My trophy looks cool.

I came second in the race.

My legs are now sore.

Ella

My ipad goes slow.

No internet, it is down.

No reception here.

Principal's Column

G'day everyone,

Welcome back to Term 3—two weeks down already! There is certainly a lot on the calendar for Term 3. There are a number of school events which will keep the students busy and these include: gymnastics in Pirie on Fridays of weeks 4 to 9, Patch Theatre for the Preschool and Lower Primary class, Combined Choir performance in week 5, Book Week (with the Preschool and lower primary class visiting the Port Pirie library), Science Week, and to top it all off—sports day in week 10.

Rowan Ramsey Award

Nominations are now open for this award. The Governing Council would like to hear from anyone who has a person they'd like to nominate. This can be a staff member, parent or community member who has 'gone the extra mile' in dedicating their time and skills to the school community. Please speak with any of our Governing Councillors, or me at the school to make your nomination.

A New Approach to School Improvement in SA

The Department for Education is working with schools and preschools across the whole of South Australia to provide system-wide reform that is aimed at improving outcomes for children and young people. Below is a short excerpt from the Department website explaining the rationale behind why the reform process is being undertaken.

To be the best in Australia and deliver 'world-class' education within 10 years we will need more than great teachers and excellent schools. We also need to focus on the whole child – on education, health and wellbeing from birth.

We're drawing on best practice from around the world to build a modern-class education and child development system. We're adapting to a rapidly changing future world where the jobs and skills needed to succeed will be different.

Our vision for a world-class education system cannot be achieved by one area of our work alone. Only together will we accelerate learning and improve outcomes for children and young people. It will have to be done across the whole of the system and at every level. This school improvement model is just one of the reforms that will help us achieve our bold vision.

Have a great couple of weeks everyone!

David Manuel

SCHOOL AND COMMUNITY ANNOUNCEMENTS

HEATING STUDENT MEALS AT SCHOOL:

Dear parents,

Recently we have had several requests from students to heat food up for them in the microwave.

Due to WHS restrictions, we are not able to do this.

Thank you for your cooperation in supporting us with this.

Napperby Primary School Staff
